MANAGEMENT PROXY CIRCULAR

containing information as at **May 12, 2021** unless otherwise noted

GENERAL PROXY INFORMATION

Solicitation of Proxies by Management

This management proxy circular (the “**Circular**”) is furnished by management of Monitor Ventures Inc. (the “**Corporation**”) to holders (“**Shareholders**”) of common shares (“**Common Shares**”) of the Corporation in connection with the solicitation of proxies (“**Proxies**”) and voting instruction forms (“**VIFs**”) to be voted at the annual and a special meeting of the Shareholders (the “**Meeting**”) to be held at the time and place and for the purposes set out in the notice of meeting (the “**Notice of Meeting**”). References in this Circular to the Meeting include any adjournment or adjournments thereof. It is expected that the solicitation will be primarily by mail, however, Proxies may also be solicited by officers, directors and regular employees of the Corporation by telephone, electronic mail, telecopier or personally. These individuals will receive no compensation for such solicitation other than their regular fees or salaries, if any. The cost of solicitation by management will be borne directly by the Corporation.

The board of directors of the Corporation (the “**Board**”) has fixed the close of business on Tuesday, May 11, 2021 as the date of record (the “**Record Date**”) for the determination of the registered holders of Common Shares entitled to receive notice of and vote at the Meeting.

The persons named in the Proxy and VIF are directors and/or officers of the Corporation (the “**Management Designees**”). As a Shareholder submitting a Proxy or VIF you have the right to appoint a person (who need not be a Shareholder) to represent you at the Meeting other than the person or persons designated in the Proxy or VIF. To exercise this right, you should insert the name of the desired representative in the blank space provided in the Proxy or VIF. The Proxy or VIF appointing a proxyholder must be in writing and must be executed by the Shareholder or its authorized in writing or, if the Shareholder is a company, under its corporate seal or by a duly authorized officer or attorney of the company. To be effective, the Proxy must be deposited at the office of the Corporation’s transfer agent,

Computershare Trust Company of Canada (“**Computershare**”)
Attention: Proxy Department
100 University Avenue, 8th Floor
Toronto, Ontario, M5J 2Y1

while the VIF must be returned in accordance with its instructions, both not later than 48 hours (excluding Saturdays, Sundays and statutory holidays in Vancouver, British Columbia) prior to the time set for the Meeting or any adjournment or adjournments thereof.

Shareholders of record on the share registry (“**Registered Shareholders**”) may also vote online at www.investorvote.com or by completing, dating and signing the Proxy and returning it to Computershare by fax at 1-866-249-7775.

Failure to complete or deposit a Proxy properly may result in its invalidation. The time limit for the deposit of Proxies may be waived by the Board at its discretion without notice.

Cost and Manner of Solicitation

In accordance with National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators (“**NI-54-101**”), the Corporation has given notice of the Meeting in accordance with the “Notice and Access” procedures of NI 54-101, pursuant to which it has sent the Notice of Meeting and the Proxy or VIF, but not this Circular, directly to its Registered Shareholders and those non-registered (beneficial)

Shareholders that have consented to allow their addresses to be provided to the Corporation (“NOBOs”). Arrangements have been made to forward proxy solicitation materials to the NOBOs. **Instead of mailing this Circular to Shareholders, the Corporation has posted the Circular on its website at www.monitorventures.ca pursuant to the ‘Notice and Access’ procedures of NI 54-101. Shareholders may request a paper copy of this Circular be sent to them by contacting the Corporation as set out under ‘Additional Information’ at the end of this Circular.**

The Corporation does not intend to pay for intermediaries such as stockbrokers, securities dealers, banks, trust companies, trustees and their agents and nominees (“**Intermediaries**”) to forward the Notice of Meeting and VIF to those Beneficial Shareholders (as defined below) that have refused to allow their address to be provided to the Corporation (“**OBOs**”). Accordingly, OBOs will not receive the Notice of Meeting and VIF unless their respective Intermediaries assume the cost of forwarding such documents to them.

While it is expected that the solicitation will be primarily by mail, Proxies may be solicited personally or by telephone, facsimile or electronically by the directors and regular employees of the Corporation or other proxy solicitation services. All costs of solicitation will be borne by the Corporation.

Advice to Beneficial Holders

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (“**Beneficial Shareholders**”) are advised that only Proxies from Registered Shareholders can be recognized and voted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker then, in almost all cases, those Common Shares will not be registered in the Shareholder’s name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote the Common Shares in that capacity.

Existing regulatory policy requires brokers and other Intermediaries to seek voting instructions from Beneficial Shareholders in advance of Shareholder meetings. The various brokers and other Intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders to ensure their Common Shares are voted at the Meeting. The VIF supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the Proxy provided directly to Registered Shareholders. However, its purpose is limited to instructing the Registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers in Canada now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge prepares and mails a machine-readable VIF to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the Internet, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder who receives a VIF from Broadridge cannot use that VIF to vote Common Shares directly at the Meeting. The VIF must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting to have the Common Shares voted. If a Shareholder has any questions respecting the voting of Common Shares held through a broker or other Intermediary, please contact that broker or other Intermediary for assistance.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the Registered Shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the Registered Shareholder, should enter their own names in the blank space on the VIF provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.**

All references to Shareholders in this Circular and the Proxy and Notice of Meeting are to Registered Shareholders, unless specifically stated otherwise.

Revocability of Proxies

In addition to revocation in any other manner permitted by law, a Registered Shareholder who has given a Proxy may revoke it by:

- (a) executing a Proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the Registered Shareholder or the Registered Shareholder's authorized attorney in writing, or, if the Registered Shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the Proxy bearing a later date to Computershare, at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the Proxy is to be used, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or
- (b) personally attending the Meeting and voting the Registered Shareholder's Common Shares.

A revocation of a Proxy will not affect a matter on which a vote is taken before the revocation.

Exercise of Discretion by Proxy

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with a Shareholder's instructions on any ballot that may be called for. If a Shareholder's specifies a choice with respect to any matter to be acted upon, a Shareholder's Common Shares will be voted accordingly. The Proxy confers discretionary authority on persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors; and
- (b) any amendment to or variation of any matter identified therein.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.

At the time of printing of this Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Voting Securities

The Corporation's authorized share structure consists of an unlimited number of Common Shares. As at the Record Date, the Corporation has issued and outstanding 2,930,058 fully paid and non-assessable Common Shares, each Common Share carrying the right to one vote.

In accordance with the provisions of the *Canada Business Corporations Act* (the "CBCA"), the Corporation will prepare or cause to be prepared a list of the Shareholders recorded as holders of Common Shares on its register of Shareholders as of the close of business on the Record Date, each of whom shall be entitled to vote the Common Shares shown opposite their name on the list at the Meeting or any adjournment or postponement thereof, except to the extent that: (a) any such Shareholder has transferred ownership of any of their Common Shares subsequent to the Record Date; and (b) the transferee produces properly endorsed share certificates evidencing the transfer or otherwise establishes that the transferee owns the transferred Common Shares and demands, not later than 10 days before the Meeting, that they be included on the list of Shareholders entitled to vote at the Meeting, in which case the transferee will be entitled to vote the transferred Common Shares at the Meeting or any adjournment thereof.

Principal Holders

To the knowledge of the directors and executive officers of the Corporation, as at the Record Date, the only persons or companies who beneficially own, or control or direct, directly or indirectly, Common Shares carrying 10% or more of the voting rights attached to all outstanding Common Shares are:

<u>Name</u>	<u>No. of Shares</u>	<u>Percentage</u>
Dundee Corporation ⁽¹⁾	640,000 ⁽²⁾	21.84%

⁽¹⁾ Dundee Corporation is a holding company that owns and manages a portfolio of publicly listed and privately held businesses.

⁽²⁾ The number of Common Shares beneficially owned or controlled by Dundee Corporation has been obtained through public filings made by Dundee Corporation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

None of the directors or executive officers of the Corporation, no proposed nominee for election as a director of the Corporation, none of the persons who have been directors or executive officers of the Corporation since the commencement of the Corporation's last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors or the appointment of auditor except for the current directors and executive officers of the Corporation and the nominees for election as directors, inasmuch as in the following year they may be granted options to purchase Common Shares pursuant to the Corporation's stock option plan, ratification of which will be sought at the Meeting.

ELECTION OF DIRECTORS

The Board presently consists of four directors. It is intended that at the Meeting, a resolution will be proposed setting the number of directors for the ensuing year at four.

The persons named below will be presented for election at the Meeting as management's nominees and unless such authority is withheld, the Management Designees intend to vote for the election of these nominees. Management does not contemplate that any of these nominees will be unable to serve as a director. Each director elected will hold office until the next annual meeting of the Corporation unless his office is earlier vacated in accordance with the Bylaws of the Corporation or the provisions of the CBCA. No class of shareholders of the Corporation has the right to elect a specified number of directors or to cumulate their votes for directors.

The following table sets out the names of the nominees for election as directors, the province and country in which each is ordinarily resident, all offices of the Corporation now held by each of them, their principal occupation, business or employment, the period of time for which each has been a director of the Corporation, and the number of Common Shares beneficially owned, or controlled or directed, directly or indirectly, by any proposed director, as at the date of this Circular:

The participation of the directors in other reporting issuers is described in Appendix 1 to this Circular.

The members of the Corporation's audit committee (the "**Audit Committee**") as at the date hereof are Donn Burchill (Chair), Brian E. Bayley and Brett A. Whalen.

Cease Trade Orders or Bankruptcies

To the Corporation's knowledge except as disclosed below, no proposed director of the Corporation:

- (a) is, as at the date of the Circular, or has been within 10 years before the date of the Circular, a director, chief executive officer or chief financial officer of any company (including the Corporation and any personal holding companies) that,
 - (i) was subject to a cease trade or similar order or an order that denied the relevant company access to an exemption under securities legislation, that was in effect for a period of more than 30 consecutive days (an "**Order**") and was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or
 - (ii) was subject to an Order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer; or
- (b) is, as at the date of the Circular, or has been within 10 years before the date of the Circular, a director or executive officer of any company (including the Corporation and any personal holding companies) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (c) has, within the 10 years before the date of the Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Sanctions and Penalties

To the Corporation's knowledge except as disclosed in this Circular, no proposed director or personal holding companies of any proposed director of the Corporation has been subject to:

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
- (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 *Corporate Governance Guidelines* and National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101") set out a series of guidelines for effective corporate governance. The Corporation has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Corporation's practices comply with the guidelines; however, the Board considers that some of the guidelines are not suitable for the Corporation at its current stage of development and therefore these guidelines have not been adopted. NI 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Board of Directors

The Board is currently composed of four directors. The Board believes that a board of four directors is an appropriate number for the Corporation, in that it is small enough to facilitate effective decision-making and large enough to provide the necessary breadth of experience.

The Board has applied the test for independence set out in National Instrument 52-110 *Audit Committees* ("NI 52-110") and determined that:

- Brian E. Bayley is independent despite being a director and officer of Earlston Management Corp. ("Earlston"), a company that provides various administrative and related corporate services to the Corporation, since Earlston is did not receive or accrue any compensation for 2020. See "Management Contracts".
- Donn Burchill is independent.
- Bill Radvak is not independent as he is a senior officer of the Corporation.
- Brett A. Whalen is independent.

Diversity of Board of Directors

On January 1, 2020, new requirements for public corporations to disclose information about the diversity of their boards of directors and senior management came into effect. The purpose of the new requirement is to foster diversity of corporate leadership in Canada, improve shareholder democracy, and drive shareholder value through better transparency.

The Board recognizes the benefits that diversity brings to a board of directors. The Board believes that a board comprised of women and men representing diverse points of view, having regard to ethnicity, gender, age, national origin, indigenous status, disability, sexual orientation, cultural background, business experience, professional expertise, personal skills and geographic background, can add greater value than a board comprised of directors with similar perspectives and insights. In particular, the Board regards the involvement of women, indigenous peoples,

persons with disabilities and members of visible minorities (collectively, “**Designated Groups**”) and their experience and input as constructive to successful decision making and stewardship.

In July, 2017, the Corporation completed a reorganization including a share consolidation and a name change and discontinued its previous exploration of the Gibellini vanadium mineral property and ceased as a sales agent for a manufacturer of vanadium redox-flow energy storage systems. Currently, the Corporation has no commercial operations and has a working capital deficiency as a result of liabilities arising from previous commercial activities. The Corporation continues to seek and evaluate potential business opportunities, but it will require additional financing in the near future.

In light of the current status and financial position of the Corporation, the Board has not adopted a written policy with respect to the representation of Designated Groups on the Board, The Board does not foresee the adoption of such a policy until a new business has been identified, as adoption of such a policy will require time to properly assess its objectives, targets and capabilities in order to identify and attract qualified candidates from Designated Groups to serve on the Board. Nevertheless, the Board always considers diversity of race, ethnicity, gender, age, cultural background and professional experience in evaluating candidates for membership in the Board or when appointing members of senior management. The members of the Board and senior management do not identify with any of the Designated Groups.

The Board has not adopted term limits for the directors on the Board or other mechanisms of board renewal. Further, the Board has not adopted targets regarding the number or percentage of individuals from Designated Groups on the Board or as senior management. The Board has determined that targets would not be the most effective way of ensuring greater diversity or obtaining the most capable persons for such positions. The Board will, however, consider the appropriateness of adopting targets at such time that a new business has been identified.

Management Supervision by Board

Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The independent directors are however able to meet at any time without any members of management including the non-independent directors being present.

Further supervision is performed through the Audit Committee, which is composed of a majority of independent directors who meet with the Corporation’s auditor without management being in attendance, as needed.

Participation of Directors in Other Reporting Issuers

The participation of the directors in other reporting issuers (public companies) is described in Appendix 1 to this Circular.

Orientation and Continuing Education

While the Corporation does not have formal orientation and training programs, new Board members are provided with access to publicly filed documents of the Corporation, technical reports, if applicable, internal financial information, management and technical experts and consultants, and a summary of significant securities disclosure obligations.

Board members are encouraged to communicate with management, the auditor and technical consultants, to keep themselves current with industry trends and developments and changes in legislation with management’s assistance and to attend related industry seminars and visit the Corporation’s operations.

Board members have full access to the Corporation’s records.

Ethical Business Conduct

Corporate governance is the structure and process used to direct and manage the business and affairs of a company with the objective of enhancing Shareholder value. The Board believes that the Corporation has in place corporate

governance practices that are both effective and appropriate to the Corporation's size and its relatively uncomplicated business operations. Because of its size and composition, the Board does not find it necessary to appoint many committees or to have in place many formal processes to ensure effective corporate governance.

For these reasons the Board has not adopted a formal Code of Conduct.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors.

Compensation of Directors and Chief Executive Officer

The independent directors are Brian E. Bayley and Donn Burchill. Directors have the responsibility for determining compensation for the directors and senior management. See "Executive Compensation - Compensation Governance" below regarding the process for determining compensation.

Other Board Committees

The Board has an Audit Committee. The Audit Committee is responsible for reviewing the Corporation's financial reporting procedures, internal control and management information systems and external auditor. The Audit Committee also reviews the Annual Financial Statements and interim unaudited financial statements before those statements are approved by the Board. See "Audit Committee" below for the composition of and further particulars of the Audit Committee.

As of the date of this Circular, the Board has four members and is well able to assess the effectiveness of the Board as a whole and the contributions made by the individual directors without instituting any formal process for that purpose. In addition, as the directors are actively involved in the operations of the Corporation and the size of the Corporation's operations does not warrant a larger board of directors, the Board has determined that additional committees are not necessary at this stage of the Corporation's development.

Assessments

The Board conducts informal annual assessments of the Board's effectiveness, the individual directors and of its Audit Committee.

AUDIT COMMITTEE

Overview

The Audit Committee of the Board is principally responsible for:

- recommending to the Board the external auditor to be nominated for election by the Shareholders at each annual meeting and negotiating the compensation of such external auditor;
- overseeing the work of the external auditor;
- reviewing the Corporation's annual and interim financial statements, Management Discussion & Analysis (MD&A) and press releases regarding earnings before they are reviewed and approved by the Board and publicly disseminated by the Corporation; and

- reviewing the Corporation’s financial reporting procedures and disclosure controls to ensure adequate procedures are in place for the Corporation’s public disclosure of financial information extracted or derived from its financial statements, other than disclosure described in the previous paragraph, and periodically assessing the adequacy of those procedures.

The Audit Committee’s Charter

As of the date of this Circular, the Board has adopted a Charter for the Audit Committee (“**Audit Committee Charter**”), which sets out the Audit Committee’s mandate, organization, powers and responsibilities, a copy of which is attached as Appendix 2 to this Circular and is available online at www.sedar.com.

Composition of the Audit Committee

The Audit Committee currently consists of three directors: Donn Burchill, Brian E. Bayley and Brett A. Whalen. Following the Meeting, it is anticipated that the members of the Audit Committee will be Donn Burchill, Brian E. Bayley and Brett A. Whalen.

The following table sets out their names and whether they are “independent” and “financially literate”.

<u>Name of Member</u>	<u>Independent⁽¹⁾</u>	<u>Financially Literate⁽²⁾</u>
Donn Burchill	Yes	Yes
Brian E. Bayley	Yes	Yes
Brett A. Whalen	Yes	Yes

Notes:

- (1) To be considered to be independent, a member of the Audit Committee must not have any direct or indirect ‘material relationship’ with the Corporation. A material relationship is a relationship which could, in the view of the Board, reasonably interfere with the exercise of a member’s independent judgment. NI 52-110 exempts the members of the Audit Committee from being independent and financially literate since the Corporation is a “**venture issuer**” (listed on the TSX Venture Exchange and no other exchange).
- (2) To be considered financially literate, a member of the Audit Committee must have the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation’s financial statements.

Relevant Education and Experience

The education and experience of each Audit Committee member that is relevant to the performance of his responsibilities as an Audit Committee member are set out below:

Brian E. Bayley

Mr. Bayley is experienced in the areas of natural resource and real estate lending, corporate restructuring and management and administration of public companies. He is the President of Earlston Management Corp., a private management company providing services to public and private companies. Mr. Bayley is also Executive Chairman of Earlston Investments Corp., a private merchant bank. Mr. Bayley has held active senior management positions in both private and public natural resource companies and has over 30 years of public issuer experience as both a director and an officer and is currently an officer and director and audit committee member of several public companies. Mr. Bayley graduated in 1977 from the University of Victoria with a B.A. (Hon). He received his MBA from Queen’s University in 1979.

Donn Burchill

Mr. Burchill received his Bachelor of Arts from the University of Victoria in 1976 and has been a Chartered Professional Accountant (CPA, CMA) since 1983. Since 1998, Mr. Burchill has been a self-employed accountant and has over 25 years of public issuer experience and continues to serve as director and officer for several public companies.

Brett A. Whalen

Brett A. Whalen is a Chartered Financial Analyst and private investor. He was previously Vice President and Portfolio Manager at Goodman Investment Counsel, a wholly-owned division of Dundee Corporation and President and CEO of the CMP Group of companies. His experience also includes senior positions with Dundee Capital Markets and Clarus Securities Inc. He has a BA (Honours) degree in Economics and Finance from Wilfred Laurier University.

Audit Committee Oversight

Since the commencement of the Corporation's most recently completed financial year, there has not been a recommendation of the Audit Committee to nominate or compensate an external auditor which was not adopted by the Board.

Reliance on Certain Exemptions

At no time since the commencement of the Corporation's most recently completed financial year has the Corporation relied on: (a) the exemption in section 2.4 (De Minimis Non-audit Services), or (b) an exemption from NI 52-110, in whole or in part, granted under Part 8 (Exemptions).

Pre-Approval Policies and Procedures

The Audit Committee has adopted specific policies and procedures for the engagement of non-audit services as described in section (aa) in "Accounting Systems, Internal Controls and Procedures" of the Audit Committee Charter.

External Auditor Service Fees (By Category)

The fees paid by the Corporation to its auditor in each of the last two financial years, by category, are as follows:

<u>Financial Period Ending</u>	<u>Audit Fees⁽¹⁾</u>	<u>Audit Related Fees⁽²⁾</u>	<u>Tax Fees⁽³⁾</u>	<u>All Other Fees</u>
December 31, 2020	\$13,158	Nil	\$4,000	Nil
December 31, 2019	\$15,942	Nil	Nil	Nil

Notes:

- (1) The aggregate fees billed by the Corporation's auditor for audit fees.
- (2) The aggregate fees billed for assurance and related services by the Corporation's auditor that are reasonably related to the performance of the audit or review of the Corporation's financial statements and are not disclosed in the 'Audit Fees' column.
- (3) The aggregate fees billed for professional services rendered by the Corporation's auditor for tax compliance, tax advice, and tax planning.

Exemption for Venture Issuers

As a venture issuer, the Corporation is exempt from the provisions of NI 52-110 that would otherwise require its audit committee to be constituted in accordance with Part 3 of NI 52-110, and the Corporation to provide comprehensive disclosure about the members of its Audit Committee.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

The following discussion describes the elements of the Corporation's executive compensation program, with particular emphasis on the process for determining compensation payable to the President and Chief Executive Officer and the Chief Financial Officer of the Corporation. The Corporation does not have any other executive officers that receive compensation.

In this Circular, "**Named Executive Officer**" means each of the following individuals:

- (a) each individual who, in respect of the Corporation, during any part of the most recently completed financial year, served as chief executive officer, including an individual performing functions similar to a chief executive officer;
- (b) each individual who, in respect of the Corporation, during any part of the most recently completed financial year, served as chief financial officer, including an individual performing functions similar to a chief financial officer;
- (c) in respect of the Corporation and its subsidiaries, the most highly compensated executive officer other than the individuals identified in paragraphs (a) and (b) at the end of the most recently completed financial year whose total compensation was more than \$150,000 for that financial year;
- (d) each individual who would be a named executive officer under paragraph (c) but for the fact that the individual was not an executive officer of the Corporation, and was not acting in a similar capacity, at the end of that financial year.

For the purposes of this Circular,

1. “**non-equity incentive plan**” means an incentive plan or portion of an incentive plan that is not an equity incentive plan.
2. “**option-based award**” means an award under an equity incentive plan of options, including for avoidance of doubt, share options, share appreciation rights, and similar instruments that have option-like features.
3. “**share-based award**” means an award under an equity incentive plan of equity-based instruments that do not have option-like features, including, for avoidance of doubt, common shares, restricted shares, restricted share units, deferred share units, phantom shares, phantom share units, common share equivalent units, and stock.

Compensation Discussion and Analysis

Compensation Philosophy

All employees of the Corporation receive compensation based on market value for the type of role they perform. Additional consideration is given to internal pay equity and performance.

The compensation payable to employees consists of base salary and long-term incentive by way of the grant of:

- stock options under the Corporation’s Stock Option Plan (the “**Stock Option Plan**”); and
- Common Shares (“**Compensation Shares**”).

Base Salary

In setting salaries, the Board does not rely solely upon benchmarking, mathematical formulas or hierarchy. Salary levels for Named Executive Officers are based on the executive’s qualifications, experience and responsibilities within the Corporation, and are intended to be competitive with salaries paid to others in comparable positions within the same industry.

In reviewing comparative data, the directors do not engage in benchmarking for the purpose of establishing compensation levels relative to any predetermined level and does not compare its compensation to a specific peer group of companies.

The Corporation is a shell company without any business and will not be generating revenues from operations for a significant period of time. As a result, the use of traditional performance standards, such as corporate profitability and earnings per share, are not considered by the directors to be relevant in the evaluation of corporate or Named Executive Officer performance. The salary element of compensation is designed to ensure the Corporation's access to skilled employees necessary to achieve its corporate objectives.

Long-Term Incentive

The Corporation provides a long-term incentive by granting stock options to executive officers in accordance with the Option Plan established in accordance with the policies of the TSX Venture Exchange ("**TSX-V**"). See the "Stock Option Plan" section. The objective of granting options is to encourage executive officers to acquire an ownership interest in the Corporation over a period of time, which acts as a financial incentive for such executive officer to consider the long-term interests of the Corporation and its Shareholders.

When determining the number of Common Shares issuable under stock options to be granted to an executive officer, the Board takes into account the number and terms of outstanding stock options, including vesting provisions, to determine whether or not new stock option grants should be made to such executive officer. In addition, the Board seeks the views of the Corporation's CEO when reviewing compensation for other executive officers because of his day-to-day involvement with these officers. The Board believes that the CEO is in the best position to assess the performance of such individuals and to provide valuable input regarding salary adjustments, level of payment of short-term incentives, as well as levels of grants of long-term incentives, when applicable. The Board also asks, and expects the CEO to provide comments, based on his judgment and deep knowledge of the strategic goals of the Corporation, on the design of any new compensation program that is implemented. The Board takes into consideration information it receives from management, but makes independent recommendations to the Board on all executive compensation matters.

The Corporation also grants Compensation Shares as an additional way of providing a long-term incentive. The Corporation does not have a formal policy for the granting of Compensation Shares and each grant is reviewed and approved by the Board. The issuance of Compensation Shares is subject to the approval of the TSX-V.

The Board considers the implications and risks of the Corporation's compensation policies and practices as factors in assisting the Board in approving and monitoring guidelines and practices regarding the compensation and benefits of officers, as well as administering the Stock Option Plan. The Corporation's compensation policies and practices give greater weight toward long-term incentives to mitigate the risk of encouraging short-term goals at the expense of long-term sustainability.

The Corporation does not have a formal policy prohibiting a Named Executive Officer or director from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation and held, directly or indirectly, by the Named Executive Officer or director. However, there is an understanding that the Named Executive Officers and directors will not purchase such financial instruments, and the Corporation is not aware of any Named Executive Officer or director having entered into this type of transaction as at the date of this Circular.

Share-based and Option-based Awards

The process the Corporation uses to grant share-based and option-based awards to executive officers is described under “Statement of Executive Compensation - Compensation Discussion and Analysis - Long-Term Incentive”.

Compensation Governance

To determine compensation payable, the independent directors review compensation paid for directors and chief executive officer of companies of similar size and stage of development and determine an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Corporation.

The Board is responsible for reviewing compensation of the Corporation’s executive officers and directors, executive compensation disclosure and oversight of the compensation structure and benefit plans and programs of the Corporation. The Board also establishes and administers the Corporation’s policies, programs and procedures for compensating and incentivizing its executive officers.

STOCK OPTION PLAN

Purpose of the Plan

The purpose of the Stock Option Plan is to provide an incentive to the Corporation's directors, officers, employees and consultants and to management company employees to continue their involvement with the Corporation, to increase their efforts on the Corporation's behalf and to attract qualified new personnel. The Corporation decided to implement the Stock Option Plan to provide additional incentive in attracting, retaining and motivating directors, officers, employees and consultants of the Corporation and of its affiliates.

General Description/TSX-V Policies

The Stock Option Plan has been prepared to meet TSX-V requirements and is administered by the Board, which has full and final authority with respect to the granting of all options thereunder. A copy of the Stock Option Plan is attached as Appendix 3 to this Circular.

Options may be granted under the Stock Option Plan to such service providers of the Corporation and its affiliates, if any, as the Board may from time to time designate. The exercise price of option grants will be determined by the Board, but will not be less than the closing market price of the Common Shares on the TSX-V less allowable discounts at the time of grant.

The Stock Option Plan provides that, subject to the requirements of the TSX-V, the aggregate number of securities reserved for issuance under the Stock Option Plan and any other share compensation arrangement of the Corporation will be 10% of the number of the Common Shares issued and outstanding from time to time. The Stock Option Plan further provides that the number of Common Shares that may be reserved for issuance to any one individual upon exercise of all stock options held by such individual, when aggregated with the Common Shares reserved for issuance to such individual under any other share compensation arrangement of the Corporation, may not exceed 5% of the issued Common Shares on a yearly basis.

Subject to earlier termination and in the event of dismissal for cause, termination other than for cause or in the event of death, all options granted under the Stock Option Plan will expire not later than the date that is five years from the date that such options are granted.

Options granted under the Stock Option Plan are not transferable or assignable other than by will or other testamentary instrument or pursuant to the laws of succession.

The Corporation has retained Earlston Management Corp. (“**Earlston**”) to provide various administrative and related corporate services for a monthly fee of \$6,500, plus reasonable expenses incurred. Due to the Corporation’s financial condition, Earlston did not charge the Corporation for services during the years ended December 31, 2020 and 2019. As at December 31, 2020, the sum of \$158,667 is included in accounts payable and accrued liabilities (December 31, 2019 - \$155,844) for amounts owing to Earlston, which includes sundry expenses paid for by Earlston on the Corporation’s behalf in addition to those for management, corporate and administrative services incurred prior to 2019.

PARTICULARS OF MATTERS TO BE ACTED UPON

Continuation of Stock Option Plan

The Stock Option Plan provides for the issuance of stock options to acquire, when aggregated with the number of Common Shares reserved for issuance under every other share compensation arrangement of the Corporation, up to 10% of the Corporation’s issued and outstanding capital as at the date of grant. This is a “rolling” plan as the number of shares reserved for issuance pursuant to the grant of stock options will increase as the Corporation’s issued and outstanding share capital increases.

The TSX-V policy requires that “rolling” plans be approved by Shareholders annually, at the Corporation’s annual meeting. Continuation of the Stock Option Plan is subject to the approval of the Shareholders and acceptance by the TSX-V.

The Corporation has suspended the grant of options under its Stock Option Plan until the filing of the Stock Option Plan with and payment of applicable fees to the TSX-V. The Corporation intends to make such filing and payment of fees as soon as it has sufficient financial resources.

Despite the Stock Option Plan currently being suspended, Shareholders will be requested at the Meeting to pass an ordinary resolution (“**Stock Option Plan Renewal Resolution**”) in the following terms:

“**BE IT HEREBY RESOLVED** that:

1. the Corporation’s stock option plan (“**Plan**”), as described in and attached as Appendix 3 to the Management Proxy Circular of the Corporation dated May 12, 2021, be and is hereby ratified, confirmed and approved, subject to acceptance by the TSX Venture Exchange;
2. the Corporation be authorized to grant stock options pursuant and subject to the terms and conditions of the Plan, entitling the option holders to purchase, when aggregated with the number of Common Shares reserved for issuance under every other share compensation arrangement of the Corporation, up to that number of Common Shares that is equal to 10% of the issued and outstanding capital of the Corporation at the time of the grant;

3. the outstanding stock options which have been granted prior to the renewal of the Plan shall, for the purpose of calculating the number of stock options that may be granted under the Plan, be treated as options granted under the Plan; and
4. any one director or officer of the Corporation be and is hereby authorized and directed to do all such acts and things and to execute and deliver under the corporate seal or otherwise all such deeds, documents, instruments and assurances as may be necessary or desirable to give effect to the foregoing resolutions and to complete all transactions in connection with the continuation of the Plan.”

Unless otherwise directed, it is the intention of the Management Designees to vote Proxies and VIFs in favour of the Stock Option Plan Renewal Resolution. To be effective, an ordinary resolution requires approval of a majority of the votes cast by Shareholders who vote in respect of the Stock Option Plan Renewal Resolution.

Issuance of Shares

The Corporation’s outstanding indebtedness is in excess of \$950,000. The Corporation is considering its alternatives to extinguish this debt and to provide sufficient working capital, including the issuance of Common Shares in satisfaction of the indebtedness, a private placement financing or a combination of thereof.

The Common Shares are currently listed on the NEX board of the TSX-V. Under the NEX policy, in order for a listed company to issue more than 100% of its issued and outstanding share capital in a 12 month period, the listed company must obtain the approval of its shareholders. Such approval is being sought by way of an ordinary resolution at the Meeting. Without such approval, the Corporation will not have the ability to raise sufficient capital to fund its ongoing operations. To be effective, an ordinary resolution requires approval of a majority of the votes cast by Shareholders who vote in respect of the resolution.

Unless otherwise directed, it is the intention of the Management Designees to vote Proxies and VIFs in favour of the issuance of more than 100% of its issued and outstanding Common Shares in a 12 month period.

Delisting from the TSX Venture Exchange

As at the Corporation’s financial year end on December 31, 2020, the Corporation had a working capital deficiency of approximately \$928,000. Subsequently, a loan of \$25,000 from a director was received to fund its annual audit and the costs of the Meeting.

The Corporation hopes to negotiate the amount of, and a financing to repay, its accounts payables and to provide working capital to pursue new business opportunities. However, the unexpected elevated trading price range of the Common Shares has restricted the Corporation’s ability to do so putting its ability to reorganize in doubt even if Shareholder authority to issue more than 100% of the outstanding Common Shares is obtained.

Without the constraints of the NEX policy and the elevated trading price of the Common Shares, the Corporation believes it will be able to complete a financing on a timely basis, which will allow it to satisfy its re-negotiated account payables, complete a new acquisition and, subsequently, submit an application for a listing on a recognized stock exchange. Accordingly, the Corporation is seeking a mandate from Shareholders to delist the Common Shares from the TSX-V if the Board considers that such delisting is necessary to carry out the Corporation’s reorganization. If the Common Shares are delisted from the TSX-V, Shareholders may not be able to sell their Common Shares. No assurance can be given as to if, or when, the Common Shares will be relisted or traded on any stock exchange.

Under the NEX and TSX-V policies, delisting of a listed company when the company does not have an alternative public market requires majority of minority approval meaning that directors, officer, greater than 10% Shareholders and their associates and affiliates may not vote. Such approval is being sought by way of an ordinary resolution at the Meeting. If such approval is not received the disinterested shareholders, there is no assurance that the Corporation will be able to raise any funds from insiders or others to fund its ongoing compliance obligations. To be effective, an ordinary resolution requires approval of a majority of the votes cast by Shareholders who vote in respect of the resolution.

Unless otherwise directed, it is the intention of the Management Designees to vote Proxies and VIFs in favour of the delisting of the Common Shares from NEX and the TSX-V.

Continuation from the Federal Canadian Jurisdiction into the Jurisdiction of British Columbia

The Corporation was incorporated under and continues to be governed by the *Canada Business Corporations Act* (the “CBCA”), a federal Canadian statute. Due to the fact that the Corporation is based in and its business is carried on in British Columbia, the Board may determine to continue the Corporation out of the federal jurisdiction of the CBCA into the provincial jurisdiction of British Columbia and the *Business Corporations Act* (the “BC Act”). Accordingly, Shareholder approval for such continuance will be sought at the Meeting. Under the CBCA, the continuance of a corporation out of the federal jurisdiction requires the approval of the Shareholders of the corporation by a special resolution.

Shareholders should be aware that there are certain differences between the BC Act and the CBCA, in particular,

- the oppression remedies (being the right of a Shareholder to apply to court for relief on the grounds that the Corporation is acting or proposes to act in a way that is unfairly prejudicial or oppressive to the Shareholder) under the CBCA are substantially broader than those under the BC Act,
- under the CBCA, the right of a person bringing a derivative action (being the person’s right to commence legal action in the name of and on behalf of the Corporation, with the permission of the court, to enforce an obligation owed to the Corporation that could be enforced by the Corporation itself or to obtain damages for any breach of such an obligation) is broader than that contained in the BC Act,
- under the CBCA a director or officer or former director or officer of a corporation has the right to be indemnified against expenses reasonably incurred by him / her in a legal proceeding to which he / she is made a party by reason of being or having been a director or officer if he / she acted honestly and in good faith with a view to the best interests of the Corporation whereas under the BC Act the party seeking indemnification must first obtain court approval and must have been substantially successful on the merits of their defence of the action or proceeding, and
- under the CBCA, all meetings of Shareholders must be held anywhere in Canada whereas under the BC Act such meetings must be held in British Columbia unless the Registrar of Companies otherwise consents.

The foregoing summary is not intended to be exhaustive and Shareholders should consult their legal advisers regarding particular differences between the two jurisdictions which may be of particular interest to them.

Pursuant to the CBCA, a Shareholder has the right to dissent with respect to the special resolution respecting the continuance of the Corporation into the provincial jurisdiction of the BC Act. To exercise the right of dissent a Shareholder must give notice of this dissent by registered mail addressed to the Corporation on or before the date of the Meeting.

If the special resolution is passed, the Corporation shall give, within 10 days of the Meeting, any dissenting Shareholders (other than those who voted in favour of the resolution) notice of the Corporation’s intention to act on the special resolution.

Within 20 days of receiving a notice of intention to act, a dissenting Shareholder is entitled to give the Corporation written notice requiring the Corporation to purchase all (and not less than all) of their Shares at the fair value thereof determined as of the day before the date on which the resolution is passed. Within 30 days of giving such notice, the dissenting Shareholder must deliver the share certificates representing such Common Shares to the Corporation or Computershare. Either the Corporation or a dissenting Shareholder may apply to the Supreme Court of British Columbia for a determination of the fair value of the Common Shares.

In view of the strict requirements of the CBCA relating to the rights and obligations of dissenting Shareholders, it is strongly recommended that Shareholders seek their own legal counsel concerning any consequences which

may result from the filing of a notice of dissent or concerning the procedures to be followed to exercise such rights.

Since the Board may not wish to proceed with the continuance of the Corporation out the federal jurisdiction for a variety of reasons, including if Shareholders holding a significant number of Shares exercise their right of dissent thereby possibly seriously impairing the Corporation's financial resources, the Board is also seeking the Shareholders' approval to not proceed with the continuance if, in the directors' sole discretion, they determine it not to be in the Corporation's best interests.

These approvals are being sought at the meeting by way of a special resolution as follows:

“RESOLVED, as a special resolution, THAT:

1. the Corporation make application to the British Columbia Registrar of Companies for a Certificate of Continuation and to the Director, Corporations Directorate of Industry Canada, for a Certificate of Discontinuance continuing the Corporation from the federal Canadian jurisdiction of the *Canada Business Corporations Act* into the provincial jurisdiction of British Columbia under the *Business Corporations Act* (British Columbia);
2. the Corporation adopt the Notice of Articles and Articles, in the forms under the *Business Corporations Act* (British Columbia) submitted to the Meeting, in substitution for its existing Articles and By-Laws;
3. the Board of Directors be authorized, in its sole discretion and without further approval of the shareholders of the Corporation, to amend the special resolution continuing the Corporation into the jurisdiction of British Columbia as may be necessary to comply with any applicable legislation or policies or rules of any regulatory authorities or to revoke this special resolution before it is acted upon; and
4. the directors and officers of the Corporation be authorized to do such further acts and file such further documents as may be necessary to give full effect to the foregoing.”

The Board recommends that Shareholders vote in favour of the proposed resolution. The persons named in the Proxy or VIF as Proxyholders intend to vote the Common Shares represented by Proxies and VIFs in favour of the proposed resolution.

OTHER BUSINESS

Management of the Corporation knows of no matters to come before the Meeting other than those referred to in the Notice of Meeting. However, if any other matters properly come before the Meeting, it is the intention of the persons named in the Proxy or VIF as management nominees to vote the same in accordance with their best judgment of such matters.

SHAREHOLDER PROPOSALS

Pursuant to Section 137 of the CBCA, any notice of a Shareholder proposal intended to be raised at the Meeting must be submitted to the Corporation at its registered office, to the attention of the Corporate Secretary, at least 90 days before the anniversary of the notice of meeting sent to the Shareholders in connection with the previous annual meeting of the Corporation.

It is the position of the Corporation that Shareholder proposals need be recognized only if made in accordance with the procedures set out in the CBCA.

- (i) if the Fixed Term expiration date falls within a black out period imposed on the Optionee by the Corporation, then the Fixed Term expiration date is extended to the close of business on the 10th business day after the end of such black out period by the Corporation (the “**Black Out Expiration Term**”); or

The Corporation has no obligation to undertake registration of Options or the Shares issuable upon the exercise of the Options.

7.3 Payment of Option Price - The notice described in Section 7.1 shall be accompanied by full payment of the aggregate Option Price to the extent the Option is so exercised. Such payment shall be in lawful money (Canadian funds) by cheque, wire transfer or bank order.

8.3 Disability of Optionee - If the employment of an Optionee as an employee or Consultant of the Corporation or any Related Entity, or the employment of an Optionee as a Management Company Employee, or the position of an Optionee as a director or Executive Officer of the Corporation or any Related Entity, is terminated by reason of such Optionee's Disability, any Option held by such Optionee that could have been exercised immediately prior to such termination of service shall be exercisable by such Optionee, or by his Guardian, for a period of 90 days following the termination of service of such Optionee. If such Optionee dies within that 90 day period, any Option held by such Optionee that could have been exercised immediately prior to his or her death shall pass to the Qualified Successor of such Optionee, and shall be exercisable by the Qualified Successor until the earlier of a period of one year following the death of such Optionee and the expiry of the Term of the Option.

If the period of such leave exceeds 90 days and the Optionee's reemployment is not so guaranteed or agreed upon by contract, then his or her employment shall be deemed to have terminated on the ninety-first day of such leave.

9. TERMINATION OF OPTIONS

9.1 Termination of Options - To the extent not earlier exercised or terminated in accordance with section 8 above, an Option shall terminate at the earliest of the following dates:

9.3 Lapsed Options - If Options expire or are surrendered or otherwise terminated without being exercised in whole or in part, new Options may be granted covering the Shares not purchased under such Options. If an Option has been surrendered and a new Option has been granted to the same Optionee on different terms than the surrendered Option, then the new Option is subject to acceptance by the TSX Venture Exchange.

10. ADJUSTMENTS TO OPTIONS

10.1 Alteration in Capital Structure - If there is a material alteration in the capital structure of the Corporation resulting from a recapitalization, stock split, reverse stock split, stock dividend, or otherwise, the Committee shall make such adjustments to this Plan and to the Options then outstanding under this Plan as the Committee determines to be appropriate and equitable under the circumstances, so that the proportionate interest of the holder of each such Option shall, to the extent practicable, be maintained as before the occurrence of such event. Such adjustments may include, without limitation (a) a change in the number or kind of shares of the Corporation covered by such Options, and (b) a change in the Option Price payable per share; provided, however, that the aggregate Option Price applicable to the unexercised portion of existing Options shall not be altered, it being intended that any adjustments made with respect to such Options shall apply only to the price per share and the number of shares subject thereto. For purposes of this Section 10.1, neither (i) the issuance of additional shares of stock of the Corporation in exchange for adequate consideration (including services), nor (ii) the conversion of outstanding preferred shares of the Corporation into Shares shall be deemed to be material alterations of the capital structure of the Corporation.

10.2 Corporate Reorganization - In the event of a reorganization as defined in this Section 10.2 in which the Corporation is not the surviving or acquiring corporation, or in which the Corporation is or becomes a wholly-owned subsidiary of another corporation after the effective date of the reorganization, any Shares receivable on the exercise of an Option shall be converted into the securities, property or cash which the Optionee would have received upon such reorganization if the Optionee had exercised his Option immediately prior to the record date applicable to such reorganization, and the exercise price shall be adjusted proportionately by the Board and such adjustment shall be binding for all purposes of the Plan. For purposes of this Section 10.2, reorganization shall mean any statutory merger, plan of arrangement, statutory consolidation, sale of all or substantially all of the assets of the Corporation, or sale, pursuant to an agreement with the Corporation, of securities of the Corporation pursuant to which the Corporation is or becomes a wholly-owned subsidiary of another corporation after the effective date of the reorganization.

10.3 Acceleration on Change of Control - Upon a Change in Control, all Options shall become immediately exercisable, subject to prior written approval of the TSX Venture Exchange, notwithstanding any contingent vesting provisions to which such Options may have otherwise been subject. To the extent possible, the Committee shall give not less than 30 days' notice to Optionees of a Change in Control.

10.4 Acceleration of Date of Exercise - The Board, on the recommendation of the Committee, subject to prior written approval of the TSX Venture Exchange, shall have the right to accelerate the date of vesting of any installment of any Option which remains unvested.

10.5 Determinations to be Made - Adjustments and determinations under this Section 10 shall be made by the Board, on the recommendation of the Committee, and the Board's decisions as to the adjustments or determinations which shall be made, and the extent thereof, shall be final, binding, and conclusive.

10.6 Effect of a Take-over - If a *bona fide* offer (the "**Offer**") for Shares is made to an Optionee or to shareholders generally or to a class of shareholders which includes the Optionee, which Offer constitutes a take-over bid within the meaning of section 92 of the British Columbia *Securities Act*, as amended from time to time, the Corporation shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon any Option held by an Optionee may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Shares received upon such exercise (the "**Optioned Shares**") to the Offer. If:

- (a) the Offer is not completed within the time specified therein; or
- (b) all of the Optioned Shares tendered by the Optionee pursuant to the Offer are not taken up and paid for by the offeror pursuant thereto;

the Optioned Shares or, in the case of clause (b) above, the Optioned Shares that are not taken up and paid for, may be returned by the Optionee to the Corporation and reinstated as authorized but unissued shares and with respect to such returned Optioned Shares, the Option shall be reinstated as if it had not been exercised. If any Optioned Shares

are returned to the Corporation under this Section, the Corporation shall refund the exercise price to the Optionee for such Optioned Shares.

11. APPROVALS, TERMINATION AND AMENDMENT OF PLAN

11.1 Shareholder Approval of Plan - This Plan is subject to annual approval by the TSX Venture Exchange and the shareholders of the Corporation.

The Corporation will obtain Disinterested Shareholder Approval of Options if the Plan, together with all of the Corporation's previously established and outstanding stock option plans or grants, could result at any time in the grant to insiders, within a 12 month period, of a number of Options exceeding 10% of the issued shares of the Company.

If required by a Regulatory Authority or by the Committee, this Plan may be made subject to the approval of a majority of the votes cast at a meeting of the shareholders of the Corporation or by a majority of votes cast by disinterested shareholders at a meeting of shareholders of the Corporation. Any Options granted under this Plan prior to such time will not be exercisable or binding on the Corporation unless and until such shareholder approval is obtained.

11.2 Power to Terminate or Amend Plan - Subject to the approval of any stock exchange on which the Corporation's securities are listed, the Board may terminate, suspend or amend the terms of the Plan; provided, however, that, except as provided in Section 10 above, and as long as the Corporation is a "reporting issuer" under the securities laws of any jurisdiction in Canada, the Board may not do any of the following without obtaining, within 12 months either before or after the Board's adoption of a resolution authorizing such action, approval ("**Shareholder Approval**") by the affirmative votes of the holders of a majority of the voting securities of the Corporation present, or represented, and entitled to vote at a meeting duly held in accordance with the applicable corporate laws, and, where required, by way of Disinterested Shareholder Approval:

- (c) materially increase the benefits accruing to participants under the Plan.

However, the Board may amend the terms of the Plan or of an Option granted under the Plan where permitted under the rules of any applicable regulatory authority without obtaining Shareholder Approval to such amendment in circumstances other than as set forth above, including but not limited to:

- (c) amendments of a housekeeping nature to the Plan;
- (pp) a change to the vesting provisions of an Option or the Plan, subject to prior written approval of the TSX Venture Exchange; and
- (qq) a change to the termination provisions of an Option which does not entail an extension beyond the original expiry date of the Option.

11.2 No Grant During Suspension of Plan - No Option may be granted during any suspension, or after termination, of the Plan. Amendment, suspension or termination of the Plan shall not, without the consent of the Optionee, alter or impair any rights or obligations under any Option previously granted.

12. CONDITIONS PRECEDENT TO ISSUANCE OF SHARES

12.1 Compliance with Laws - Shares shall not be issued pursuant to the exercise of an Option unless the Shares are fully paid and non-assessable and the exercise of such Option and the issuance and delivery of such Shares shall comply with all relevant provisions of law, including, without limitation, the United States *Securities Act of 1933*, as amended, any applicable provincial or state securities or corporate laws, the rules and regulations promulgated thereunder and the requirements of any stock exchange upon which such Shares may then be listed or otherwise traded.

12.2 Regulatory Approval to Issuance of Shares - The Corporation's inability to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Corporation's counsel to be necessary to the lawful issuance and sale of any Shares issued under this Plan, shall relieve the Corporation of any liability with respect to the failure to issue or sell such Shares.

13. USE OF PROCEEDS

13.1 Use of Proceeds - Proceeds from the sale of Shares pursuant to the Options granted and exercised under the Plan shall constitute general funds of the Corporation and shall be used for general corporate purposes.

15. MISCELLANEOUS PROVISIONS

15.1 No Obligation to Exercise - Optionees shall be under no obligation to exercise Options granted under this Plan.

15.2 No Obligation to Retain Optionee - Nothing contained in this Plan shall obligate the Corporation or any Related Entity to retain an Optionee as an employee, officer, director, or consultant for any period, nor shall this Plan interfere in any way with the right of the Corporation or any Related Entity to reduce such Optionee's compensation.

15.3 Binding Agreement - The provisions of this Plan and the terms set out in each Option Certificate with an Optionee shall be binding upon such Optionee and the Qualified Successor or Guardian of such Optionee.
